HUBER Solutions for the Treatment of Industrial Wastewater for Reuse

A lot of companies have a high water consumption and correspondingly a high amount of waste water. Both cost a lot of money. Therefore, it stands to reason to purify the waste water on site so good that it can be reused as service or process water in the circuit.

Often, it is economical to recover not only water but also heat. There are the HUBER Solutions for **heating and cooling with waste water**.

HUBER offers efficient solutions for the following industries:

- **Slaughterhouses, butcheries and meat processing**
- **Dairies and milk processing**
- **Breweries and other beverage production**
- **Paper mills and pulp industry**
- **Textile and leather industry**
- **Processing of organic waste**
- **Processing of mineral waste**
- **Processing of plastic waste**
- **Other industries**
